

# LOVELL LAKE ASSOCIATION SCHOLARSHIP APPLICATION

This scholarship is open to any high school, college or technical school freshman who is a resident of Wakefield, NH (Union, Sanbornville, and East Wakefield) or Brookfield, NH or the child of a Lovell Lake Association member.

The following criteria must apply:

1. The student must have maintained a B average for the last two quarters of their junior year and the first two quarters of their senior year. If the applicant is a college freshman, transcripts of their first semester will be sufficient.
2. Students with a C average may be considered with a recommendation from their principal or appropriate college faculty member.
3. As the Lovell Lake Association has a major concern for the environment, it is our desire to be able to offer the scholarship to a student entering into a field of study related to the environment, such as marine biology, forestry, surveying, environmental engineering, etc. in a two- or four-year college including a technical college. However, those going into other fields are still encouraged to apply. The award will be made out to the recipient and the school they are attending.

Please complete all parts of the application clearly.

Mail or email application and all related transcripts as well as letters of reference to

**Susan Davis**  
**8 Starling Way**  
**West Warwick, RI 02893**  
[Scholarships@LovelllakeNH.org](mailto:Scholarships@LovelllakeNH.org)

Applications must be postmarked on or before **April 1**

I have applied to, been accepted by or am attending the following schools:

---

---

- Please submit grade transcripts from completed junior and senior high school semester, or from college semesters and high school (as described in criteria #1). Transcripts should include grade point average, class standing and size of class.
- Submit letters of reference from two high school or college teachers as applicable.
- Submit resume including list of extracurricular activities, community services, or any special projects and the years involved in each. List any hobbies or special interests.
- Complete a typed essay of approximately 150 words. Describe your educational and career goals, including why you are pursuing this area of interest. Include an explanation as to how your career goal or extra-curricular activities can have a positive effect on the environment.

## Criteria for the Lovell Lake Association Scholarship

Prior to evaluating the application, the following criteria must be met:

The application must have a “B” grade point average for the last two quarters of their junior year and the first two quarters of their senior year; or on the first semester of their freshman year of college, whichever applies.

The application must contain the following information:

- \_\_\_\_\_A. Grade transcripts (described above), including grade point average, class standing and size of class.
- \_\_\_\_\_B. Two letters of reference from two high school or college teachers as applicable.
- \_\_\_\_\_C. Resume including list of extracurricular activities, community services, or any special projects and the years involved in each. Include any hobbies or special interests.
- \_\_\_\_\_D. A 150-word essay describing educational and career goals explaining how you can apply these goals to have a positive effect on the environment.
